

UNIVERSITY PLACEMENT SERVICE

We offer a free and independent advice service to our students who wish to follow foundation, degree or postgraduate courses at UK universities and colleges.

For students who do not have academic qualifications of a high enough standard to enter directly into university, we are able to arrange foundation and A Level courses at our local partner college, Sussex Downs College. The College has campuses in Lewes and in Eastbourne. We can arrange consultation interviews when students will find out the range of academic and vocational courses available.
